TINTE  
MATT - LUCIDO

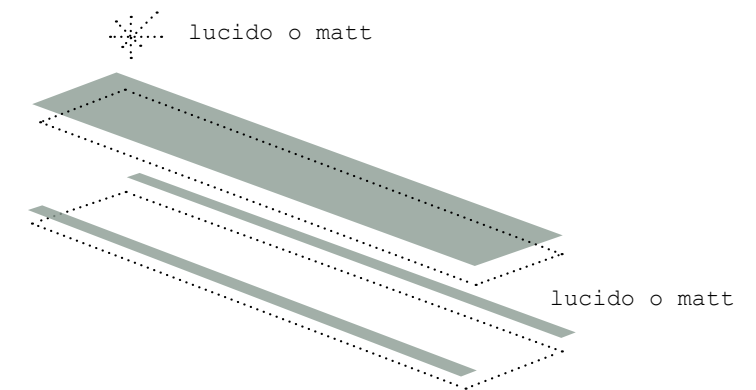

## Tales of inspiration

Per raccontare la collezione Tinte abbiamo scelto la Riviera della Romagna in un racconto che si ispira agli orizzonti di Luigi Ghirri ed evoca i suoni di una terra accogliente, colorata, complessa.

To describe the Tinte collection we have chosen a story set in the Romagna Riviera that, inspired by Luigi Ghirri's horizons, evokes the sounds of a bright, complex and inviting landscape.

Pour raconter la collection Tinte, nous avons choisi la Côte de la Riviera Romagnole dans une description qui s'inspire des horizons de Luigi Ghirri et évoque les sons d'une terre accueillante, colorée et riche.

TINTE

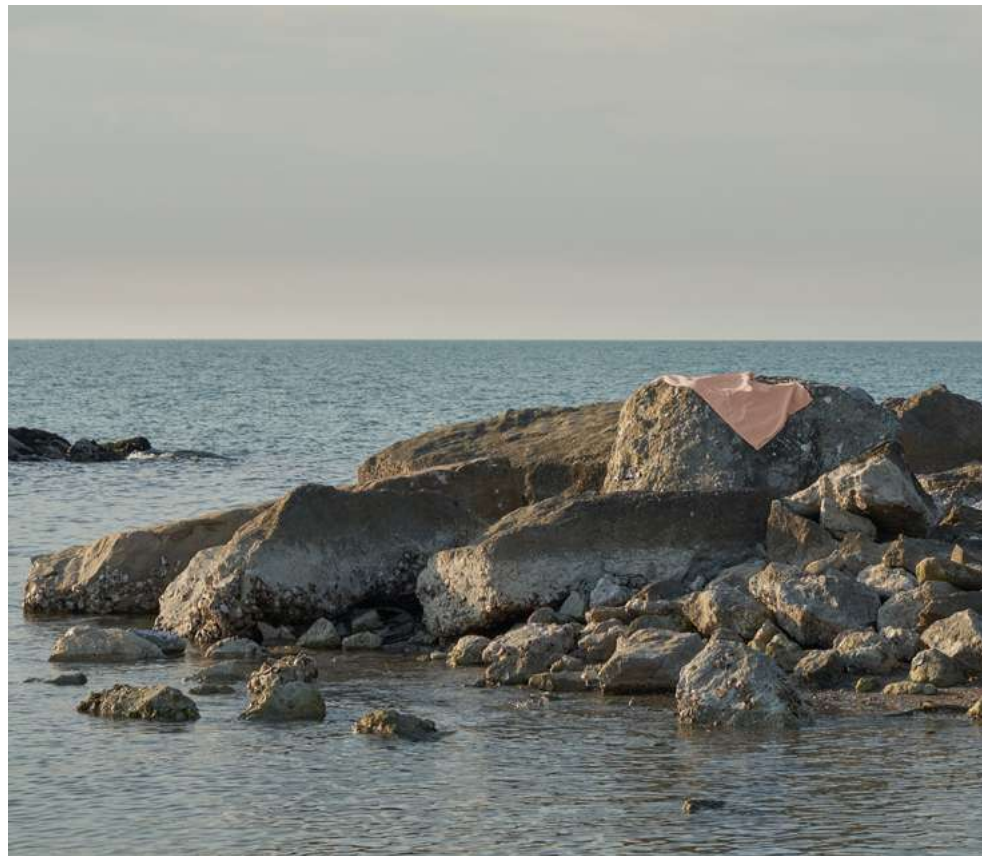

Linee, spessori, materie, colori.  
Elementi capaci di definire allo  
stesso tempo spazi fisici e interiori,  
disegnando stati d'animo, del corpo  
e della mente.

Contrasti che danno vita a un mondo  
leggero e al tempo stesso ricco e  
profondo. Tradizione che si fonde con  
la contemporaneità. Ritmo e musica.

Lines, thicknesses, materials and  
colours. These are the elements that  
simultaneously define physical and  
interior space by designing states  
of body, mind and soul.

Contrasts that create a world that  
is light, but also rich and deep.  
Tradition fused with contemporary  
style. Rhythm and music.

Lignes, épaisseurs, matières,  
couleurs. Ce sont des éléments  
capables de définir en même  
temps des espaces physiques et  
intérieurs, en dessinant des états  
d'âmes, du corps et de l'esprit.

Des contrastes qui donnent vie à  
un monde léger et en même temps  
riche et profond. Une tradition qui  
se fonde avec le contemporain.  
Rythme et musique.

## Couleur et Matière

C'est la couleur, modulée sur différentes tonalités et degrés d'intensité qui anime cette collection de revêtement mural en pâte blanche. 12 nuances, du blanc au noir, en passant par le jaune ocre, le rose antique, le papier de sucre, le métallisé et un nouveau bleu : profond, sophistiqué, ultra-contemporain.

Le côté long du listel se caractérise par un léger biseau et un intense point d'accumulation de pigment, qui ensemble donne élan à ce revêtement, alors que la surface brillante ou mat en augmente les possibilités expressives et d'innombrables applications, représentant une constante invitation à regarder et à toucher.

## Colore e materia

È il colore, modulato su diversi toni e gradi di intensità la cifra stilistica del rivestimento in pasta bianca Tinte. 12 nuance, dal bianco al nero, passando per il giallo ocre, il rosa antico, la carta da zucchero, il metallizzato e il nuovo Blu: profondo, sofisticato, ultra-contemporaneo.

Il lato lungo del listello si caratterizza per il morbido bisello e per l'accumulo di pigmento, che insieme danno slancio a questo rivestimento mentre le superfici, lucide o matt ne aumentano le possibilità espressive e applicative e rappresentano un costante invito, da guardare e da toccare.

## Colour and matter

Colour, modulated in a series of different shades and degrees of intensity is the style driver in this Tinte white body wall tile collection. 12 shades, ranging from white to black and passing through yellow ochre, antique pink, sugar paper blue, metallic and the new Blue: deep, sophisticated and ultra-contemporary.

The long side of the strip tile stands out for its gentle chamfer and pigment concentration, both of which give this wall tile a dynamic energy while the matt or gloss surfaces increase its expressiveness and application options as well as offering a constant invitation to be looked at and touched.

**ATTENZIONE COLORI METALLICI:**  
I colori metallizzati sono realizzati con smalti speciali che tendono ad avere un effetto crackle naturale e una bassa resistenza a prodotti acidi ed alcalini.  
Non utilizzare prodotti di pulizia aggressivi, come candeggina, ammoniaca e anticalcare.

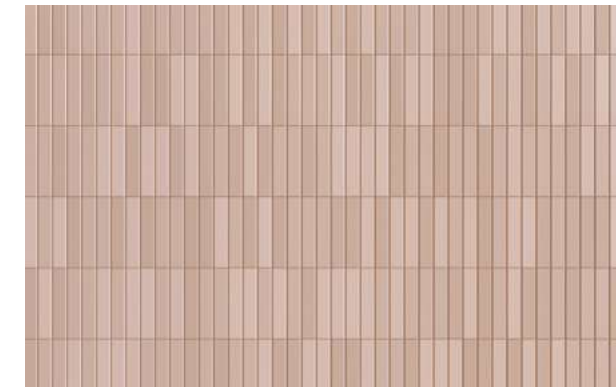

**WARNING: TILES WITH METALLIC COLORS:**  
Metallic colors are made with special glazes that tends to have a natural crackle effect and low resistance to acidic and alkaline cleaning products. Do not use aggressive cleaning products, such as bleach, ammonia or antilimescale.

It is recommended to take tiles from several boxes at a time to ensure proper shade variation that enhances the variability and randomness of the finished surface.

Instructions de pose pour les carreaux avec variation de couleur :

Il est conseillé de prendre les carreaux de plusieurs boîtes en même temps pour assurer une pose correcte qui améliore la variabilité et le caractère aléatoire de la surface une fois la pose terminée.
